Overview

PALCLEAR provides a versatile solution for applications in populated indoor areas.

PALCLEAR has remarkable mechanical properties, impact strength, excellent chemical resistance and self-extinguishing fire resistance. Optional characteristics range from high clarity and anti-reflective surface to increased impact resistance. PALCLEAR withstands many chemical agents, and offers many fabrication options due to its convenient mechanical behavior.

Main Benefits

- Excellent ink adhesion
- Excellent resistance to chemicals
- Better fire resistance than acrylic or PC
- High light transmission & water-like clarity
- Optional high-impact and UV resistance
- Can be thermoformed, vacuum formed, bent hot or cold, fabricated
- PALCLEAR™ Matte: Anti-glare finish on one side to eliminate reflection

Typical Applications

- Transparent advertising items
- Indoor signage in populated areas
- High impact glazing
- Machine guards
- Chemically resistant safety glazing
- Fabrication and forming applications
- Anti-glare glazing & frame covers
Inasmuch as PALRAM Industries has no control over the use to which others may put the material, it does not guarantee that the same results as those described herein will be obtained. Each user of the material should make his own tests to determine the material’s suitability for his own particular use. Statements concerning possible or suggested uses of the materials described herein are not to be construed as constituting a license under any PALRAM Industries patent covering such use or as recommendations for use of such materials in the infringement of any patent. PALRAM Industries or its distributors cannot be held responsible for any losses incurred through incorrect installation of the material. In accordance with our company policy of continual product development you are advised to check with your local PALRAM Industries supplier to ensure that you have obtained the most up to date information.

<tbody>
<tr>
<td>.040&quot;-.472&quot; (1-12mm)</td>
<td>48.5&quot; x 96.5&quot;</td>
</tr>
</tbody>
</table>

*Special dimensions are available upon request with minimum order requirements.

**Impact Resistance**

PALCLEAR and PALCLEAR HI offer a wider choice to designers and fabricators for point of sale and general fabricated items, particularly when compared to the impact properties of acrylic and polystyrene sheets.

**Flammability**

PALCLEAR sheets are self-extinguishing and comply with the most demanding international fire resistance standards as indicated in the table at right.
