

Think **PRINT-X** when you need smooth, corrugated plastic sheet for your printing applications.

**PRIMEX**  
PLASTICS CORPORATION

A subsidiary of ICC Industries Inc.

Large enough to  
handle your requirements.

Small enough to  
handle your needs.

**Primex Plastics Corporation** supplies the smoothest printable corrugated plastic in the industry. **Prime Cor-X Print-X**, available in widths up to 104", provides a smooth even surface for silkscreen printing, including four-color process printing. Benefits include shorter set-up times and less wasted material.

**Print-X** is ideal for use in either indoor or outdoor signage. Applications include pole signs, soft drink displays, real estate & political signs, point-of-purchase displays, convenience store displays or any type of semi-permanent display.

For more information or samples on **Print-X**, please call your **Primex** Business Manager.
