

## PRODUCT BULLETIN

## **ROYALITE™** HG Holster Grade

**Royalite**<sup>™</sup> **HG Holster Grade is a durable thermoplastic** sheet that offers an effective solution for formed and fabricated handoun holsters.

Easy to form, this rigid sheet material creates a tough, hard-wearing holster. It has the robust performance qualities needed in a holster, including excellent impact strength and resistance to chemicals and cleaners.

Royalite HG sheet is offered in a range of colors, textures, and pattern designs. It can be produced in unique twotone color combinations, such as a black exterior with a rich red interior. A custom pattern, such as wood grain, camouflage or carbon fiber, can also be added, creating a distinctive, one-of-a-kind look.

## **KEY CHARACTERISTICS**

- Range of colors, textures and patterns for exceptional visual appeal
- Excellent durability for long-term wear
- High impact strength
- Good chemical resistance
- Abrasion and scratch resistant
- Forms easily over handgun molds
- · Easy to machine, fasten and bond
- Available in gauges from .028" to .125"
- Stock sheet inventory is available

## **APPLICATIONS**

An alternative to leather, Royalite HG Holster Grade sheet is designed especially for use in producing small to medium handgun holsters.
