

Bubble-X

Lightweight Plywood / MDF / Particle Board Alternative

For your most unique application challenges, you can count on Polymershapes to bring you the most innovative solutions in performance plastics. With virtually limitless possibilities, Bubble-X from Primex Plastics offers outstanding properties to make your project more lightweight, durable, and cost-effective. From weatherable outdoor racking and shelving that won't splinter or warp, that can be easily moved and assembled, to truck and trailer liners that add durability and cargo protection, all while being a lightweight alternative to plywood, boosting fuel efficiency. And best of all, Bubble-X is made from 100% recyclable polypropylene, making it a sustainable and responsible choice.

PRIME BUBBLE-X™ is a unique air-bubble co-extruded polypropylene material, manufactured with patented technology to create a rigid, lightweight sheet.

Applications

- Racking & Shelving
- Partitions
- Truck & Trailer Liners
- Lay-flat, Ship-flat Packaging
- Totes & Boxes

Advantages

- Rigid & Flat
- Lightweight
- Indoor & Outdoor use
- Easy to convert with common tools
- Won't warp or splinter

Finishing

- Drilling
- Routing
- Sawing
- Die Cutting
- Laser Cutting
